MAY
18TH

DANNY ANDERSON, CJF CTF

Danny Anderson, CJF CTF of Indian Creek Forge in Collinsville, Texas will be joining us on May 18th in Amarillo. He will discuss shoeing the reining/cow horse with sliding plates, modifying keg shoes, and showing us the ins and outs of hoof knife sharpening. Danny originally began his career in the panhandle, shoeing with Bob Walters from Dimmit, Texas. He then made the move to North Texas and has been a dominant farrier in the western performance horse world for decades, overseeing the likes of Chad Chance and many others. In addition to creating great knives through Indian Creek Forge, he is also the current President of the Texas Professional Farriers Association—a busy and talented man! We are very excited to have him join us and we hope to see you here!
